MAVERICK®
TECHNOLOGIES
A Rockwell Automation Company

A GLOBAL LEADER IN
PROCESS AUTOMATION

15,000+ successful projects in 46 countries

400+ professionals on staff

Over $1 billion in services rendered from 21 locations

15,000 years of collective experience

PLATFORM
INDEPENDENT.

Experience on all control platforms and legacy systems.

ABB   aspentech   EMERSON   GE   Honeywell

OSIsoft.   Rockwell Automation   SIEMENS   Schneider Electric   Wonderware by Schneider Electric
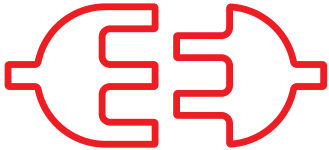

INDUSTRIAL AUTOMATION

- Advanced Process Control
- Safety Instrumented Systems
- High Performance HMI
- Control System Design
- Control System Migrations
- System Integration
- Batch Applications (S88)
- Instrument Specification & Design
- Panel Design & Fabrication
- Construction Management
- Technician Services
- Instrument Install & Calibration
- Process Automation
- Regulatory Compliance Systems & Services

ENTERPRISE INTEGRATION

- Manufacturing Operational Consulting
- Manufacturing/ERP Integration
- Smart Manufacturing/IoT
- Asset Performance
- Performance Analytics – Data Infrastructure
- Manufacturing Execution
- Work Process Management

STRATEGIC MANUFACTURING SOLUTIONS

- Front-End Loading (FEL)
- Operational Consulting
- Boiler Systems & Tuning
- Arc Flash Studies & Preventions
- Safety & Cybersecurity
- Energy Audits
- Remote Management
- Maintenance & Support Contracts

YOUR PARTNER THROUGH ALL PHASES

Including design, build, configuration, integration, startup, commissioning, business integration, operational consulting and 24/7 remote monitoring across all platforms.
